OLD TESTAMENT—DR. McCrorey

- 2. Junior Class. Hebrew begun. Recitation four times a week throughout the year. Text-books: Harper's Elements of Hebrew, Harper's Introductory Hebrew Method and Manual. Special emphasis is laid on the acquisition of a vocabulary. The inflection of the language and several hundred of the commonest words are memorized. There is a daily drill in reciprocal oral translation and in writing Hebrew.
- 3. Middle Class. Reading from the Historical and Prophetical Books twice a week throughout the year. Text-Books: Hebrew Bible, Harper's Hebrew Syntax, Driver's Hebrew Tenses. Special attention will be given to the Syntax, to enlarge the vocabulary, and rapid reading.

4. Senior Class. (Elective.) Reading at sight from the Historical Books, Exegesis of Hebrew Prophecy, and Poetry, twice a week throughout the year.

NEW TESTAMENT—DR. RUSSELL

- 1. A course upon New Testament Introduction, Criticism, and Theology, once a week throughout the year.
- (a) Junior Class will begin the remaining three gospels with reference to the Harmony, and also to the distinctive character of each of the four gospels, three times a week throughout the year.
- (b) Middle Class will read Ephesians with Exegesis twice a week throughout the year. The other epistles of the captivity—Phillippians, Colossians, and Philemon—will be assigned for private reading. A summary of their contents will be considered in the class-room, and they will be required in the examination.
- (c) Senior Class will read Romans with Exegesis twice a week throughout the year. The other Epistles of the Third Missionary Journey—I Corinthians, II Corinthians, and Galatians—will be assigned for private reading. Their scope and contents will be discussed in the school-room, and they will be required in the examination.

Systematic Theology—Dr. Brown

In this department, the purpose is to have each student read, during his course, some standard work on Systematic Theology, and in addition to this read some authority on Theism.

This course of reading will be made the subject of the most thorough examination and free discussion, and will be supplemented by every available means which is likely to encourage and stimulate the student in his search for truth, and in preparation for its defense.

Systematic Theology is begun in the second term of the Junior year, and completed in the Senior year. The doctrines of Theology are presented didactically, historically, and problematically. The order of topics pursued is: The nature forms, and sources of theology; the being of God; His nature and attributes; Trinity; the Divinity of Christ; the Holy nature, necessity, perfection, and extent of atonement; His kingdom; His humiliation and exaltation; vocation; regeneration; faith; justification; sanctification; the law of God; eschatology; the sacraments.

Homiletics-Dr. Jones

Homiletics—The work of this department is carried on throughout the Seminary course. In the Junior and Middle years, a text-book on the "Preparation and Delivery of Sermons," is read. This is supplemented by exercises in the analysis of Sermons, and preaching before the professors and students of the University weekly.

In the Middle and Senior Classes much attention is given to the preparation and criticism of Sermon plans and extempore preaching.

CHRISTIAN EVIDENCE—DR. BROWN

Christian Evidence—By means of text-books and discussions the student is aided in verifying the Biblical proofs of doctrine and Christian truth as represented in the symbols of the Church, and he is thus trained to express with facility and clearness the revealed will of God.

Pastoral Theology—The treatment of this subject is confined to the third year of the course. It is designed that each student shall become thoroughly acquainted with the best method of applying the message of salvation to the hearts and lives of men. Lectures are given, accompanied by the use of text-books.

The course includes the importance of ministerial piety, proper habits of study, skill and ability in the various branches of church work, the pastor's duty and relation to the various courts of the church, and the various private and public duties pertaining to his office.

Church Government—Four lectures on the general subject are given to the Junior Class.

In the Middle Year, the Form of Government with proof texts is taken up and pursued through one term, and a minute comparison with other forms of church polity is made.

In the Middle and Senior Years, the Book of Discipline is used as text-book accompanied by lectures.

BIBLICAL HISTORY—DR. BROWN.

Since sacred history is of vital importance as a part of a thorough Theological Education, the subject is pursued through the entire three years' course.

Biblical History is studied by the Junior Class with the English version of the Old Testament as a text-book, and Smith's Old Testament History as a guide, and is taught by lectures and constant reference to the typical and preparatory nature of the Old Testament. The connection between sacred and profane history is pointed out, and attention given to Archaeology, Geography, and Chronology.

Ecclesiastical History—Dr. Jones

Ecclesiastical History—This subject is taken up by the Middle Class, and taught by lectures, with text-books, covering the period from Apostolic times to the Reformation—sixteenth century.

The Senior Class continues the subject from the Reformation to the present time, devoting the second term to the History of the Presbyterian Church of the United States. During each year a carefully prepared thesis, having for its subject some leading personage, epoch, or phase, etc., from sacred history, is required from each student.

ENGLISH BIBLE-DR. BROWN

English Bible—One may know a great deal about the Bible and yet be unfamiliar with the Book itself.

The design of this course is to secure to the students intimate first hand knowledge of the Scriptures.

To this end the Bible itself is the text-book.

CHRISTIAN SOCIOLOGY—DR. H. L. McCrorey

Christian Sociology—One hour per week throughout the Senior year is devoted to the study of Church and Social questions.

Instruction is given partly by use of text-books and partly by lectures; the aim being to treat the subject in a practical manner

Information

Admission

This school is open to young men of all denominations. Candidates for admission must produce evidence that they are members in good and regular standing in some evangelical church; that they possess competent talent, and that they have been regularly graduated at some College or University, or in some way they have received an equivalent for the training of a College course. Applicants for admission to an advanced standing must present a dismission from some other Theological Seminary, or be prepared for examination on the subjects which have been pursued by the class which they desire to enter.

When a student who has been a member of any other Theological school seeks admission into this, he must produce certificate of good standing and orderly dismission ere he can be received.

EXCEPTIONAL CASES

In exceptional cases, promising young men who have not had the benefit of a full College course will be received, and will be allowed to pursue an elective course.

Period of Study

The regular course of study, as in other Seminaries of the Presbyterian Church, covers a period of three years.

PRACTICAL WORK

The practical work of the ministry is joined with work of preparation, as the theological students have opportunities of laboring as supplies in the neighboring churches, during vacation and in term time.

With the facilities at hand, special and successful efforts are made to aid students in obtaining vacation employment along the lines of their future work as teachers and preachers among the people.

RULES AND REGULATIONS

Except in a few particulars, the students of the School of Theology are not subject to rules and regulations which govern those of the other schools of the University.

ROOMS

The rooms in McNamee Hall, so far as is necessary, are reserved for theological students. Each of these rooms is furnished with a bedstead, mattress, pillows, bureau, wash-stand, chairs, looking glass, etc., and is heated by steam.

EXPENSES

There is no charge for tuition or room rent.

There is a charge of \$8.00 per month for board, in connection with the boarding department, where all the students living on the grounds are required to board; the theological students, however, are provided with separate dining-room. The fee of \$8.00 per month covers also expenses of fuel, light, and washing of towels and bed-clothing.

THE EXAMINATIONS

The semi-annual examinations will be conducted during the last week in January and the last week in May. The examination will be oral and written. Each students is required to take these examinations, and if by sickness or absence one fails to take them, he must submit to an examination with a corresponding class in a subsequent year. A grade of 65 per cent. is required in a single study for each term, and a general yearly average of 75 per cent. is required for promotion and for graduation. Each student attaining an average of 90 per cent. for the entire full course, is granted the Degree of S. T. B.

SCHOOL OF ARTS AND SCIENCES

FACULTY OF ARTS

Rev. H. L. McCrorey, D.D. President

REV. P. W. RUSSELL, D.D. Professor of Greek

REV. YORKE JONES, D.D.

Professor of English Literature and Rhetoric Geo. E. Davis, Ph.D.

Professor of Natural Science and Engilsh Bible, and Dean of Faculty

R. L. DOUGLAS, A.M. Professor of Mathematics Rev. F. J. Anderson, D.D.

Professor of Mental and Moral Philosophy, and German J. D. Martin, A.M., Ph. D.

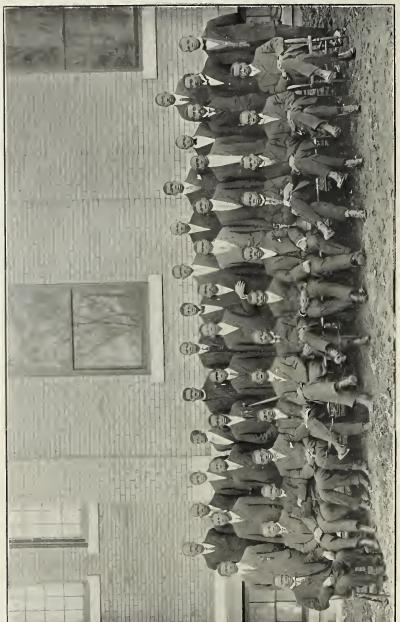

Professor of Latin Language and Literature, and General History

Courses, Degrees, and Terms of Admission

The School of Arts and Sciences embraces two courses of study—the Classical and Scientific. Students completing the classical course satisfactorily, receive the degree of Bachelor of Arts; those completing the scientific course, that of Bachelor of Science. Candidates for admission to the Freshman Class are examined in the studies prescribed in our preparatory course, or their equivalent in case of those coming from other schools.

For advanced standing, the candidate, in addition to preparatory studies, will be examined in those previously studied by the class he wishes to enter, or others equivalent to them.

NATURAL SCIENCE—DR. DAVIS

Physics—Eight months	three periods per week
Chemistry—Eight months	three periods per week
Astronomy—Eight months	two periods per week
Botany—Four months	. three periods per week
Zoology—Four months	three periods per week
Geology—Four months	two periods per week
Physical Geography—Four months	two periods per week

I—PHYSICS

During the Junior Year, the following topics, with others, will be treated: Mathematical Physics, Molecular Physics, Hydrostatics, Pneumatics, the Kinetic Theory of Gases, Acoustics, Electricity and Magnetism, the Correlation and Conservation of Energy.

Hoadley's Physics is used.

2—CHEMISTRY

Chemistry will be studied during the second four months of the Senior Year. The work embraces the general treatment of Chemical Philosophy, Chemistry of the Non-Metals, the Metals, Organic Chemistry, and Chemical Archaeology.

The lectures on this subject will be illustrated by experiments, and be followed by reviews and examinations during the course. Apparatus and re-agents sufficient for laboratory work will be furnished the students at a small cost.

Williams' Introduction to Chemical Science will be used in connection with lectures.

3-ASTRONOMY

The first half of the Senior Year is devoted to the study of Astronomy, embracing the elementary principles of Mathematical and Physical Astronomy, such as Parallax, Refraction, Latitude and Longitude, Precession, Nutation, Aberration, Theory of Tides and Lunar Eclipses.

Young's Elements of Astronomy is used.

4—BOTANY

The subject of Botany is pursued during the last two months of the Freshman Year. The student is required to gather specimens of flowers and plants; to analyze and classify the same. A herbarium of thirty specimens is required.

Wood's New Botanist and Florist is used.

5—ZOOLOGY

The first of the Sophomore Year will be devoted to Zoology. Typical forms will be used to illustrate the subjects as they may be obtained in the locality.

Steel's Fourteen Weeks in Zoology is used as a text-book.

6—PHYSICAL GEOGRAPHY

This subject covers the first half of the Sophomore Year. It will be treated mainly by lectures. Maury's Geography will be used as a text-book; but the students will have daily access to such books as Maury's Geography of the Sea, Foye's Child and Nature, Guyot's Earth and Man, Goldwaite's Geographical Magazine, Ritter's Comparative Geography and similar books for collateral reading.

LATIN LANGUAGE AND LITERATURE—DR. MARTIN

Allen & Greenough's Latin Grammar will be the standard of reference.

Special attention will be given to analysis and parsing throughout the course.

Some time will be devoted to the study of the style of each author.

Scanning Latin poetry will be part of the work required in the study of poetical works.

Lectures on Roman Life, Art and Customs will occupy some time in connection with *Horace's* Works.

CLASSIC GREEK—PROFESSOR RUSSELL

The course of study in the School of Arts and Sciences as outlined, is intended or designed to lay for the ordinary student a foundation for the successful prosecution of the study of the Greek language and literature. Recitations daily.

Scanning the Iliad and the Odyssey will receive special attention. Greek Prose Composition is studied throughout the course.

NEW TESTAMENT GREEK—DR. ANDERSON

The study of the New Testament Greek begins with the second term of the Sophomore Class and is continued throughout the Junior and Senior years.

Logic-Dr. Anderson

The subject of Logic is taught two periods per week through the first term of the Senior year.

GERMAN LANGUAGE AND LITERATURE—DR. ANDERSON

This subject is confined to the Scientific Course, and covers two years, namely; Junior and Senior.

MATHEMATICS—R. L. DOUGLAS.

Students wishing to enter the Freshman Class should have a thorough knowledge of Arithmetic and secondary Algebra as far as square root.

Algebra—Review of involution, evolution, theory of indices, quadratics, proportion and variation, logarithms. Textbook: Well's Essentials.

Geometry—Rectilinear figures, circles, similar polygons, areas of polygons, regular polygons and circles, lines and planes in space, polyhedrons, cylinders and cones, the sphere.

Original exercises, carefully selected, are assigned to train the student in the habit of independent thought and accurate reasoning. Text-book: Wentworth and Smith.

Advanced Algebra—Progressions, binominal theorem, undetermined co-efficients, theory of limits, summation of series, determinants, etc. Special emphasis is laid upon those subjects that have a particular bearing upon the higher branches of Mathematics. Text-book: Well's.

Trigonometry and Surveying—Plane Trigonometry, trigonometrical functions, general formulas, solution of the right and oblique triangles, using both natural functions and logarithms, problems, inverse functions, cubic equations. Spherical Trigonometry, solution of right and oblique triangle, applications. Text-book: Well's New Plane and Spherical Trigonometry.

Surveying—Care and use of instruments, field work and computation of areas, re-surveys, land partition, map making, plotting streams, roads and buildings from field notes taken under the direction of the professor. Text-book: Robbins' Surveying and Navigation.

English—Dr. Jones

Freshman Class—Themes or orations twice a week in the first term.

Sophomore Class—Genung's Rhetoric three times a week in the first term and twice a week in the second term. Themes and orations are required.

Junior Class—English Literature from Chaucer to Tennyson: Two periods a week both terms. Class is required to deliver orations in the chapel preliminary to the Junior Prize Contest.

HISTORY-DR. MARTIN

The study of English and General History is carried through the first and second terms of the Freshman year, with text-book and by lecture. On this subject there will be five recitations a week. This subject receives that careful and exhaustive attention which its importance demands.

PHILOSOPHY—PROFESSOR ANDERSON

Mental Philosophy—Mental Philosophy is taught twice a week throughout the Senior year by the use of text-books and lectures.

Moral Pholisophy—Moral Philosophy is studied through the second term of the Senior year, and the students are instructed in the principles of Theoretical and Practical Ethics.

Civil Government—Civil Government and the Constitution of the United States, and Political Economy, are studied in the Junior year, and each student is made acquainted with the government of the people of the United States, and American citizenship.

ENGLISH BIBLE—DR. DAVIS

Scope and Aim—The English Bible as a text-book is read and studied, without intervention of helps or commentaries, in the Normal, Preparatory, and Collegiate Departments of the school. The course, as hereinafter outlined, covers a period of six years. The aim is to take the student through a systematic and carefully supervised study of the "Book of Books" in its entirety.

The Junior Preparatory Class will read Genesis to Deuteronomy.

The Senior Preparatory Class will read Joshua to Esther.

The Freshman Class will read Job to Daniel.

The Sophomore Class will read the twelve Minor Prophets—Hosea to Malachi. First and second terms.

The Junior Class will read New Testament—Matthew to II Corinthians, first and second terms.

The Senior Class will read New Testament—Galatians to Revelations, second term.

Information

Students of the School of Arts and Sciences are subject to all the rules and regulations for the government of the University, except that service in the School of Industries is optional.

There are two regular examinations, one near the close of each of the two terms. The final grading of the Senior Class is now based upon in part, and made up after, the second term examinations.

The examinations are oral and written, and the requirements in connection therewith are absolute except that a student may be conditioned for one term in not more than two studies, and the minimum general average for promotion to a higher class is 75, and anyone falling below 65 in any three studies is required to repeat the year, or is dropped from the school.

Students are required to conform to the prescribed course in every particular, unless expressly excused by the Faculty.

The discipline is impartial and firm. Demerited students cannot take part in public exercises unless relieved by special action of the Faculty. Should the number of demerits reach 25 in any one term, the delinquent is subject to suspension.

Preparatory and Normal School

FACULTY
REV. H. L. McCrorey, D.D.
President
REV. P. G. DRAYTON, D.D.
Principal, and Professor of English
THOMAS A. LONG, PH.D.
Assistant Professor of Latin, and Professor of Music,
Pedagogy and Physiology.
L. L. SPAULDING, A.M.
Assistant Professor of English
REV. C. H. SHUTE, D.D.
Professor of Greek and Latin
I. D. L. TORRENCE, A.M.
Professor of Mathematics

The Preparatory School aims to prepare the students thoroughly for the studies of either course of the School of Arts. and Sciences. The Preparatory English Course is a necessity, as the large majority of the students coming to the Institution have not had the opportunity to ground themselves in the common English branches. Upon completing the studies of this course, the student is prepared to teach in the common schools of the State, as well as to enter the Freshman Class. A certificate will be given to each student completing this course.

All applicants for admission to the lower class of this course must be at least fourteen years of age, must furnish satisfactory testimonials of good moral character, and must be able to pass a satisfactory examination to the completion of Descriptive Geography, United States History, and Wentworth's Grammar School Arithmetic as far as interest. To enter a higher class, the applicant must pass an examination in the studies below it.

Music-Professor Long

The course in vocal music covers two years, and is designed to give a practical knowledge of the fundamental principles of music as an element of liberal culture.

The Modern Music series is the method used.

For advanced work in sight-singing and expression, ample opportunity is given for practice in the University Choral Club. This organization, together with the Chapel Choir, University Quartet and Swiss Quartet, furnishes the music for all the exercises for the University.

Instruction in instrumental music (piano) may be had by special arrangement.

A PROFESSOR'S RESIDENCE, RECENTLY BUILT BY STUDENT LABOR

School of Industries

SUPERINTENDENT—PROFESSOR L. L. SPAULDING, A.M.

All students in the Preparatory Course are required to take some trade, and report every day for work in the Industrial School. College students may also take trades.

At present several trades are being taught—Carpentry, Printing, Bricklaying, Plastering, Tailoring, Shoemaking, Blacksmithing, etc. Each student is allowed to have his choice of trades being taught, but no change will be allowed after the choice is once made. One-fourth of the time in recitation hours is devoted to industrial training.

CARPENTRY-PROF. L. L. SPAULDING, A.M., FOREMAN

Carpentry and Joining are taught in a room which is being provided with twelve cabinet benches, each of which is fitted up with a set of carpenter's tools.

Students are taught the use and care of these tools, the principles of wood working—from drawings and models—and have also such practical instruction as can be had from improvements and repairs of the buildings and furniture of the University.

Besides doing the necessary work for the school, a limited amount of work is done for outside parties. Two professors' houses have been built by the students, also a boiler-house, the new A. & M. building, and extensive repairs have been made on other buildings.

PRINTING—PROF. WILLIAM E. HILL, FOREMAN

This office is equipped as any regular printing establishment would be. Besides the ordinary office furniture it has three printing presses.

In this office the Afro-American Presbyterian and the Argus are set up and printed, and job work is done, thus giving the students actual printing office instruction and practice, both in typesetting and presswork. The office is equipped

for doing excellent work, and the instruction is thorough and practical.

SHOEMAKING-MR. E. F. GOLDEN, FOREMAN

Students are taught the use and care of the tools, and such as is done in regular shoe shops—sewing, pegging, nailing, cementing, patching, half-soling, fitting, lasting, and putting together of new work. By doing work for the students and professors, ample opportunity is given for making this branch of work thoroughly practical.

MASONRY AND PLASTERING

These two trades have been introduced, and instruction in them is being given daily with very satisfactory results. These branches are putting a goodly number in possession of skill that will command work and good pay.

TAILORING

The room for this branch of industry is provided with all necessary facilities for teaching and learning this important trade. Cleaning, pressing, hand and machine sewing, repairing, and making new work are done and the various elementary principles of the trade are taught. The advanced students are taught cutting and fitting.

BLACKSMITHING—D. C. RITCHIE, FOREMAN PAINTING—ROBERT N. TOATLEY, FOREMAN Number taking trades, 110.

Military Science and Tactics

The work of the Military Department embraces a course in Drill Regulations, Manual of Guard Duty, Drill Regulations of the Hospital Corps; and, for officers, a course in Army Regulations, Manual of Court Martial, and Administration.

There is given practical instruction in the school of the soldiers, the squad, the company and the battalion.

Battalion drill and dress parade every Friday afternoon at five o'clock,

Company "A" drills at 8:10 a. m., daily except Saturday and Sunday.

Company "B" drills at 8 a. m., daily, except Saturday and Sunday.

General Inspection, Sunday, at 8:10 a.m.

All students except those in the School of Theology and those in the Summer School, are requested to wear the cadet uniform, which is furnished at the University at a cost of \$11.90. The uniform is required to be worn except when students are at work.

The Home Department

W. H. STINSON, A.M., Superintendent.

This department includes the orderly keeping of the grounds, the supervision of the dormitories and public buildings, and all that pertains to the immediate management of the students as to board and home life.

The superintendent and his family live among the students, and give to them such care and attention as they would receive in a well organized Christian home.

Except the day students, all are required to live in this department.

The cost of living is eight (\$8.00) dollars per month, payable two months in advance, which includes board, furnished rooms, light, fuel, and washing, except wearing apparel. This can be had at one dollar per month.

Boarders are not received for less than one month, and no deduction can be made for absence, unless ordered by the Faculty.

BUSINESS DEPARTMENT

In connection with the business department, J. T. Gladden is bookkeeper and confidential secretary to the president.

General Information

The School Year consists of one session of two terms, commencing on the first Wednesday in October at nine o'clock a. m., and closing on the first Wednesday of June. Students wishing to enter should make early application. The best interest of the Institution and of the students require that they report themselves for duty promptly at the opening of each term.

Tuition

There is no charge for tuition, except in the case of local students, who are charged \$2.00 per month.

LITERARY SOCIETIES

There are four flourishing literary societies—the Mattoon, the Clariosophic, the Johnson, and the Douglass. The exercises consist of composition, discussion, and debate, and there is a school court connected with them. These societies are governed by laws, enacted by themselves, and their officers are also elected by themselves. The students are required each to become a member of one of these societies, and to attend upon the exercises. The whole is under the supervision of the Faculty.

THE LIBRARY AND READING ROOM

A large airy room has been set apart as a library, and a similar one as a reading-room.

The former contains about 13,000 volumes of commentaries and religious literature, and also a variety of the works of standard authors. About 300 volumes and 80 pamphlets have been added during the year.

The latter is supplied with many of the best religious and secular weekly and daily newspapers.

The students have daily access to the library and readingroom, under special regulations.

COLLEGE Y. M. C. A.

The College branch of the Y. M. C. A. is in successful operation with a large membership. It is earnestly desired that all of the students identify themselves with this noble work.

PECUNIARY AID

Candidates for the ministry and young men of promise will receive such aid as their necessities and the resources at command will allow. Friends in Scotland have established a fund of \$6,000, the interest of which is to be used to aid young men preparing for mission work in Africa.

Should any beneficiary of these funds marry before completing his course of study, thereupon his aid will be forfeited, nor will any one be aided who uses tobacco in any form.

LOCATION AND DESIGN IN THE ESTABLISHMENT OF THE INSTITUTION

The University is located at Charlotte, N. C., and is named in memory of the late Maj. Henry J. Biddle, of Philadelphia, whose widow, Mrs. M. D. Biddle, was one of its most liberal supporters. It is chartered by the legislature of the State, and is under the auspices of the Presbyterian Church in the United States of America.

The object of the Institution is the education of colored teachers, preachers, and leaders for their race in other walks of life.

It stands as the radiating point of seven railroads, in the midst of a dense and comparatively intelligent colored population, and occupies a site of seventy acres in the suburbs of the city.

It is situated in the heart of the South Atlantic region, which contains the two synods of Atlantic and Catawba, having 381 colored churches, 240 ministers, scores of young men in preparation for the ministry, with a large number of schools and academies under their care. These schools and churches must be furnished with intelligent Christian teachers and

preachers, who must be largely educated on the field, and in contact with the people among whom they are to labor. Such a training is given here at less expense than it could be elsewhere; the student has the best opportunity for a Christian education, together with the refining influences of a Christian home, and he is kept at the same time in contact and sympathy with the people.

SCHOLARSHIPS AND REGULATIONS PERTAINING THERETO

In order to hold any scholarship in Biddle University, it is necessary that the student be in attendance throughout the scholastic year, unless excused by the proper authority, and a scholarship may be forfeited by any violation of the regulations for the government of the students.

Under no circumstances whatever will more than one scholarship, at the disposal of the University, be available for a student at any one time.

Scholarships shall be classified as follows:

Class A

Class A, \$24.00 scholarship open to candidates for the Freshman Class who attain an average of ninety per cent. or more in their studies for the year.

Class B, \$32.00 scholarship open to candidates of the Sophomore Class, who attain an average of ninety per cent. or more in their studies for the year.

CLASS C

Class C, \$48.00 scholarship open to candidates of the Junior Class who attain an average of ninety per cent. or more in their studies for the year.

CLASS D

Class D, \$64.00 scholarship open to candidates for the

Senior Class who attain an average of ninety per cent. or more in their studies for the year.

CLASS E

Class E.—These scholarships are drawn from the "African Scholarship Fund," and are subject to the recommendation of the Faculty, solely for the support of candidates for missionary work in Africa.

CLASS F

Class F, supplementary support, varying according to the actual needs determined in each case by the Faculty.

REGULATIONS PERTAINING TO DEGREES

All degrees are conferred by the Board of Trustees on recommendation of the Faculty.

- I. On completing the regularly prescribed Classical Course, each candidate may receive the degree of A.B.
- 2. On Completing the regularly prescribed Scientific Course, each candidate may receive the degree of B.S.
- 3. On completing the regularly prescribed course in the School of Theology, with a general average of ninety per cent. or more, each candidate may receive the degree of S.T.B.
- 4. It being inexpedient, Biddle University will not grant the same degree as honorary as it grants in the regular course on examination.
- 5. That in every case the reason for bestowing an honorary degree shall be openly avowed and publicly stated in connection with the commencement program.
- 6. The Master degree will not be granted except for post-graduate study of at least one year's duration, tested by adequate examinations in the prescribed course.
- 7. The minimum requirements for the degree of Doctor of Philosophy, Doctor of Science, and Doctor of Pedagogy shall be as follows:
- (a) The previous attainment of a Bachelor's degree, or its equivalent.

- (b) The completion of two years of post-graduate study; not more than one year, however, of actual residence in the Institution shall be required, but that must be the final year. Matter of residence may be waived.
- (c) Adequate examinations—one at the close of each scholastic year, and a thesis embodying the results of original research at the close of the second year, the thesis to bear the written acceptance of the professor in charge of the major subject, accompanied by a short biography of the candidate.

The following shall be recognized as honorary degrees: D.D., LL.D., and Master of Pedagogy.

Prizes Offered

The McCrory Prize of Five Dollars in Gold to the member of the Junior Theological Class making the highest percentage in the study of the Hebrew Language, provided this is above ninety per cent. for the year in Hebrew.

The Junior Prize is a Gold Medal offered for superior excellence in Oratory, by the Alumni Association, open to the members of the Junior Class appointed by the Faculty.

The M. Talley Prize is a copy of Smith's Bible Dictionary to the student in the College Department attaining the highest grade in the English Bible studies. This prize is offered by Rev. M. A. Talley, A.B., Raleigh, N. C.

The Blue Banner—This beautiful banner is contested for by all students of the University immediately preceding Commencement Day. The student who sustains himself longest in answering accurately the questions in the Shorter Catechism is awarded this Banner, which is held for his Class until the next annual contest.

Degrees Conferred 1911

The degree, D.D., was conferred upon Rev. W. L. Metz, Rev. F. J. Anderson, and Rev. W. J. Rankin.

Doctor of Philosophy was conferred upon Prof. J. D. Martin.

S. T. B. was conferred upon William S. Plair, Byrd R. Smith, and Hercules Wilson.

The degree, A.B., was conferred upon J. A. Bone, L. H. Brewer, A. B. Brooks, D. W. Claybon, N. B. Cobb, L. W. Davis, S. J. Ellis, J. O. Foster, B. C. Hood, H. Liston, J. T. Lorick, S. Q. Mitchell, E. A. McCorkle, B. H. McFadden, L. N. Pearson, B. C. Robeson, R. J. Sawyer, Simon H. Scott, and O. W. Winkfield, and B.S. upon C. G. Cannon, G. E. Cooper, L. Z. Duncan, R. A. Martinez, and J. G. Peters.

PRIZES WON

The Junior Prize—James M. Branch. The Blue Banner Prize—S. J. Ellis. The M. A. Talley Prize—S. J. Ellis.

Rules and Regulations

- 1. No one under fourteen years of age will be admitted to the school. Applicants who are strangers to the Faculty must bring a satisfactory certificate of good character and steady, industrious habits. Every student, by his enrollment, contracts to obey the regulations of the University.
- 2. Students are at all times expected to act with respect and courtesy toward their instructors and fellow-students, and observe cleanliness and neatness in person, clothing, and room.
- 3. Students are required to attend chapel exercises, Sabbath School, and preaching services Sabbath evenings. Day students are excused on Saturdays and Sabbaths.
- 4. In order to preserve health, cutlivate manual skill, develop taste, and at the same time keep the building in order, and improve and beautify the grounds, all students are expected to work one hour each day, gratis.
- 5. Students from abroad are required to board in the home, unless excused by the Faculty; and when so excused shall be regarded as day scholars, and shall pay two dollars per month. Board, including furnished room, light, fuel and washing of bed clothes, is eight dollars per calendar month—payment in advance. Any student, who, without satisfactory arrangement, shall not pay within ten days from the first of the month, shall forfeit the privilege of the Institution.
- 6. Day students must pay their dues—two dollars—at the beginning of the month, and while on the grounds be subject to the rules of the Institution.
- 7. Punctuality and diligence in regard to all studies and exercises are required.
- 8. During the time set apart for study, students will remain in their rooms, or in such places as may be designated, for study. Talking, loud studying, or visiting from room to

room during study hours, and boisterous, rude conduct in any of the buildings at any time are prohibited. All students are expected to be in their rooms and quiet between ten p. m. and six a. m. All lights out at ten p. m.

- 9. Low, vulgar, or profane language, the use of ardent spirits, wine, or beer, tobacco in any form, keeping or handling of pistols, and all games of chance, are prohibited.
- 10. Students are forbidden to mark or deface in any way the buildings or furniture, or to throw slops, waste paper, paper, or anything that would cause a nuisance from the windows or about the grounds. Any damage done by wantonness or carelessness must be paid for by the person doing same.
- 11. Students are forbidden to entertain other students, their friends, or strangers in their room over night. Students having friends for whom they desire either meals or lodging will report to the Superintendent.
- 12. The students are forbidden to hold any public meetings on the premises of the University, for any purpose whatever, without special permission from the President.
- 13. The students are forbidden to give entertainments of any character or invite guests without special permission.
- 14. Students are allowed to attend church in Charlotte on the Sabbath; but no one will be permitted to leave the grounds at other times without special permission, except to visit Charlotte Saturday afternoon.
- 15. A monitor shall be appointed for each floor or building, who shall report any neglect or disorder.
- 16. Violation of the rules will subject the offender to discipline.
- 17. A deposit of one dollar on entering is required of each student, as a contingent fund, to pay for injury of furniture, etc. It will be returned when the student leaves school, or

such part of it as may not be used to pay for injury done by him.

Saturday—7:00 to 8:00 p. m.—Conference and Prayer.

Each student on entering the University is required to sign the following:

I, A. B., now entering Biddle University as a student, do solemnly promise to obey all the rules and regulations for the government of students, as long as I remain a member thereof.

(Signed)

A. B.

University Calendar

Commencement exercises will begin this year May 26 and will close May 30.

Examination of Applicants for Admission—September 25, 1912.

First Term begins the Thursday after last Tuesday in September.

Christmas Holidays—December 24 and 25 and January 1.

First Term Examination—The last five working days in January.

February 1—Second Term begins.

Thursday preceding second Sunday in February—Day of Prayer for Colleges.

Last Friday of March—Joint Exhibition of the Literary Societies of the School of Arts and Sciences.

Second Term Examination—Begins six working days prior to the beginning of Commencement Exercises.

Wednesday following the last Tuesday in May—Commencement.

HOLIDAYS

- 1. Thanksgiving Day.
- 2. Emancipation Day.
- 3. Lincoln's Birthday.
- 4. Washington's Birthday.
- 5. Easter Monday.

Numbers 1, 3 and 4 are not holidays in the ordinary acceptance of the term, but rather they are devoted to special educative exercises appropriate to each day.
